Taxpayers' Association Analyzes Local Trends

Demands for aid to the needy aged in San Mateo county appear to be stabilizing, California Taxpayers' association stated today, analyzing case load trends in the county for the fiscal year just ended.

In July, 1943, there were 1,184 people on the old age aid rolls in the county, the association found. High point for the year was reached in May, 1944 with 1,268 persons receiving this kind of relief. For June, 1944, the rolls showed 1,267 persons receiving aid to the needy aged. June, 1944, payments in the county totalled $58,192, an average of $45.93 per person. For the year ending June 30, 1944, $677,229 was paid out in aid to the needy aged in the county.

POWER POLITICS DANGEROUS

The Political Action committee of the CIO has launched something new on the American scene—power politics. We have always had political parties, but they have represented all groups of people. Now we see one group, numbering its members in millions and highly financed by initiation fees and monthly dues, deliberately planning to dominate elections. It has been allowed to make campaign contributions of any size, whereas industry has been stringently limited on political expenditures.

A man cannot get a job in the United States in most of the basic industries, particularly if they are producing war materials, without paying dues to a union. The implications behind the Political Action committee of the CIO are therefore terrific.

If politics can be organized on the same compulsory basis as labor has been, so that no man can get into public office without "conforming," what kind of a government are we going to have? It will take real statesmen in Congress to meet such powerful pressure, backed by millions of dollars.

American citizens must watch with jealous eye the growth of organization "power politics" which, if uncontrolled, will destroy liberty itself. Fortunately, our voting ballots are still secret, and a man can let his conscience be his guide at the polls.

HELP SAVE A LIFE

The circus fire tragedy at Hartford, Connecticut, is unusual in only one respect—it caused the death of an unusual number of people in one fire. And yet death was no more definite for each of those victims than it is for the individual who perishes in a farmhouse, or for one or two or three children who meet death in home fires almost every day.

Because some 150 people meet death from a single fire in Hartford, the tragedy is given page headlines across the nation. But when 10,000 people burn up annually by ones and twos, you never see the fact blazoned to the world in large type.

Circus or night club tragedies. and most other fires, could be prevented if each individual appointed himself a committee of one to see that every time he lit a match, smoked a cigarette or had anything to do with appliances that caused heat, it was out or properly safeguarded, when he left it.

Our 10,000-a-year fire death toll could be largely eliminated if we would all learn a lesson from the Hartford disaster and be individually careful.

SCHOOL CRISIS BECOMES REAL

Local educators years ago began warning against an impending drift away from the field of education because of better rewards offered young people in industry and trade. Today we see realistic confirmation of these predictions, as evidenced by the following newspaper item:

"OROVILLE, July 16.—(AP)—Eight rural Butte County schools cannot open this fall because of teacher shortage, County Superintendent of Schools Jay Partridge said today."

Only a few lines in a press dispatch — but they carry news freighted with ominous significance for California. The manpower lack which is closing school doors and forcing even the wealthiest districts to employ sub-standard teachers, started two years before the war, advises the State Council of Education. Its causes are plain, since our hindsight now is a little better than our foresight when the problem was in the making.

The present State allotment to elementary schools, totaling $60 per pupil per year, and used by local school boards for salaries and school operation, was fixed in 1920—just 20 years before the present sharp upturn began either in industrial wages or in the cost of living. Thirteen years later, in response to widespread evidence that an educational breakdown was threatened by low salary standards, the Legislature of 1937 fixed $1320 as the minimum wage for elementary teachers.

Only last year that minimum was increased to $1500 "for the emergency." It will revert back to $1320 on June 30, next year. It is not surprising that young men and women who might make splendid educators remain unimpressed. They can make twice that salary in industry with but a fraction of the training required of a grammar school teacher. Teacher-training enrollments have dropped off 63 per cent!

Many school districts, unable greatly to supplement the State allotment by local taxes, are strongly affected by teacher losses. It is to meet that crisis, the Council of Education announces, that it will present on the fall election ballot Proposition 9, to increase the State's share of school costs from $60 to $80 per pupil. Parents of children in school and educators alike, will watch that development with keen interest.

OPA Rolls Back Prices On Sweet Potatoes

A 200 per cent rollback in the price of sweet potatoes and yams highlights this week's market basket price list which became effective Thursday, July 27, the San Francisco District Office of Price Administration has stated.

Sweet potatoes and yams which have been selling from 30c to 35c per pound are listed for the first time on the OPA price list for 12 1-2c a pound or 2 pounds for 25c in San Francisco Bay area and San Jose, and for 2 pounds for 26c in Palo Alto, and 27c in Vallejo, Monterey, and North Bay.

Another rollback—this one of 15 per cent—over going prices for Casaba, Cranshaw and Honeydew melons is an important item. Casabas are listed at 8 1-2c per pound in the Bay area, San Jose and Palo Alto and for 9c in Vallejo, Monterey and North Bay. Cranshaw melons are 10 1-2c and 11c in the same areas; and Honeydews are 9 1-2c and 10c.

Put Lumber On Rationing

The Peninsula Lumbermen's club announces that effective midnight, July 31, lumber is rationed to consumers. To secure it, they must have priority rating from the War Production Board, if more than $200 is being spent for repair or maintenance of their homes.

Farmers may spend up to $1,000 for farm requirements, but not dwellings, without a priority.

The lumber dealer is rationed to a small amount of lumber for emergency purposes, the club pointed out, and it is recommended that all persons secure priority from the War Production Board before attempting to purchase lumber.

Lath, shingles, millwork, sash and doors are not rationed.

The announcement came from J. B. McKeon, secretary of the club.

Reduce Car Quota

The new 1942 passenger automobile quota for San Francisco District of the Office of Price Administration has been sharply reduced for the month of August as compared with the month of July, Paul I. Nederman, District Rationing Executive announced today.

The August quota represents 155 vehicles as compared to the 215 new passenger automobiles rationed in the San Francisco OPA district, which includes San Mateo county, during July.

"New passenger automobile quotas will continue to be smaller and smaller as no new cars have been manufactured since February, 1942, and the national stockpile which has been so carefully rationed is now down to a normal 2 1-2 day supply," Nederman stated.

Picture Series

The California Palace of the Legion of Honor, Lincoln park, has announced its motion picture series schedule for August. The films are shown each Saturday at 2:30 p. m. without admission charge.

Here are the dates and titles for next month: August 5, "A Chump at Oxford," Stan Laurel, Oliver Hardy; August 12, "If I Had a Million," Gary Cooper, George Raft; August 19, "Daniel Boone," George O'Brien, Heather Angel; August 26, "Adventures of Tom Sawyer," Tom Kelly, May Robson.

Saturdays and Sundays at 3 p. m. there are free organ recitals at the museum. Uda Waldrop is organist.

READING & WRITING

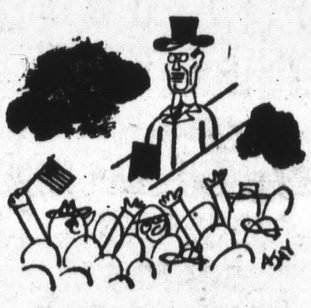
BY *Edwin Seaver* AND *Robin McKown*

"It will all have to be done over again in twenty years and at ten times the cost." These prophetic words were uttered by Woodrow Wilson back in 1924, out of his bitterness and sense of defeat that the world had not been ready or willing to accept his idea of universal peace.

GERALD W. JOHNSON

Few men in the history of our country have been more idolized or more vindicated than Woodrow Wilson. Today, says Gerald W. Johnson in his book, "Woodrow Wilson," he haunts our minds like a bad conscience. Americans are thinking and talking of Wilson more than they are of some political leaders who consider themselves very much alive.

"Woodrow Wilson" was prepared by Mr. Johnson, with the collaboration of the editors of Look Magazine. This volume consists of a large and carefully selected assortment of photographs, portraying the President's life from his University days up to his last sad illness, along with explanatory captions and biographical text.



Graduate of Princeton and of the University of Virginia Law School; lawyer for one year in Atlanta, Georgia; Associate Professor at Bryn Mawr and seven years later the renowned President of Princeton University; Governor of the State of New Jersey; and finally President of the United States; the first president ever to step on foreign soil during his term of office when he attended the Peace Conference of Paris; heralded as a hero by frenzied crowds in England, France, Italy; the target of bitter opposition when he stuck by his idealistic belief that nations would cooperate for a permanent peace—so ran the course of events in Wilson's amazing career.

The story of Woodrow Wilson is a timely one for us to review today. How timely, is indicated by the fact that in addition to this book by Gerald Johnson, Darryl Zanuck will soon present us with a major motion picture based on his life.

* * *

Mothers worried about their children's report cards should take comfort in knowing that Woodrow Wilson, as a youth was dull in his studies. It's amazing to learn that this future president of the United States and leader in educational thought, did not learn the alphabet until he was nine years old, nor read with any facility until he was eleven.

Two novels will make up the Book-of-the-Month Club dual selection for September—"Cluny Brown" by the English author, Margery Sharp, and "Pastoral" by Nevil Shute.

What to do with raisins

RAISINS can be used in so many refreshing ways! Here are a few that I've used (perhaps some will be new to you):

Make a Sandwich by mixing ⅓ chopped raisins and ⅔ honey. (If you're in the mood for a really sweet tidbit, use graham crackers or vanilla wafers.)

Add Raisins to cole slaw and shredded raw carrots, for a salad which is cool but hearty.

Your Favorite recipe for muffins or biscuits or cup cakes will be enriched if you add ½ cup of raisins to the batter. The same thing can be done for gingerbread.

"Take-Out" Lunches (carried on youngsters' summertime hikes, for example) take on new interest when you include a generous amount of raisins.

When Cooking hot cereals (yes, they're mighty good, and good for you, even on an August morning!), mix in a half-cup of raisins for each quart of cereal, as you begin to cook it.

For Dessert, try thin, rolled-up pancakes topped with a rich raisin sauce and served with lemon slices.

Ice Cream, made at home, achieves an interesting new texture and flavor if you mix in ½ cup of washed raisins just before freezing.

And Don't Forget that year-'round favorite of the men: Raisin Pie a la mode!

Coffee May Be Eaten

By Frances Lee Barton

ALTHOUGH we drink our coffee once or twice a day and feel lost without it, some of us do not eat our coffee as much as we would if we but realized the number of tasty puddings and other dishes that are enhanced with that coffee flavor.

Yes! Coffee may be eaten in ice cream, in a cake, or in a delicious easy-to-prepare, economical pudding like the one described below:

Coffee Pudding

2 tablespoons ground coffee; 2¼ cups milk; 1 package prepared vanilla cornstarch pudding.

Add coffee to 1½ cups milk and heat to scalding; strain immediately through double thickness cheesecloth. Place pudding powder in saucepan. Add remaining ¾ cup milk gradually, stirring constantly. Then add coffee mixture. Cook and stir over medium flame until mixture comes to a boil and is thickened. Cool, stirring occasionally. Turn into sherbet glasses. Chill. Serve plain or with cream. Makes 4 to 6 servings.

Fluffy Coffee Pudding. Fold cooked pudding into 1 stiffly beaten egg white.

Mrs. America Meets The War

Need to rent a washing machine or a vacuum cleaner? When you do, pay attention to the ceiling prices on the rental charge. The highest price you can be charged legally for renting a used household vacuum cleaner is $1.25 per month or for any fraction of a month. Maximum rates are established for all rentals of used household washing machines, with or without meters.

Here is more good news for shoppers buying fresh pears for the family. Price ceilings have been set for the first time for fresh pears sold for table use. This means a reduction of about 20 per cent from last year's retail prices.

When your serviceman comes home on a leave or furlough of at least three days he'll be able to get one gallon of gasoline for every day he's away, up to a maximum of 30 days. To get his ration, the serviceman applies to the war price and rationing board having jurisdiction over the car he expects to drive. He is required to present his furlough or leave papers. No ration will be granted for passes, liberties of any duration or for leaves and furloughs of less than three days.

Don't overlook that certificate of transfer when you buy a used car, either from a dealer or a private individual. This official form must be filled out and signed by both buyer and seller. Another important point for the buyer to remember is the necessity of presenting the certificate to the local war price and rationing board before making application for the ration for the car.

Mrs. America, you can help ease housing shortages in defense rental areas by renting that spare room without being bound to continue for the duration. The eviction provisions of the rent regulation do not govern the renting of rooms not constituting an apartment to not more than two tenants in a private dwelling occupied by the landlord. Under such circumstances landlords may regain possession of the rooms whenever they wish. However, they are required to register the quarters and the rental with the local rent office.

Predictor

LUXURIOUS COLORS and embroidery foretell a scintillating story of autumn fashions. Decorative bead and paillette patterns adorn the molded, heaven blue two-piece jersey which CBS harpist Elaine ("Mildred Bailey and Co.") Vito selected from the collection of Mollie Parnis originals. Her signal blue, suede-finish coif-bonnet introduces the new draped design of Sally Victor. The rich color contrast of the ensemble is coordinated with gold thread, felt and stone applique on the curved head line.

Thirty-Minute "Company" Cake

By Frances Lee Barton

HUBBY phoned about his dinner
Bringing home a Mr. Skinner.
Home-made cake has been demanded
Even though you had not planned it.
Steady sister! Quit your wobblin'
Really this is not a problem.
Mix your sugar with your flour
This cake takes just half an hour.

Quick Cake

2 cups sifted cake flour; 2 teaspoons double-acting baking powder ¾ teaspoon salt; 1¼ cups sugar; ½ cup vegetable shortening; ¾ cup milk; 2 eggs, unbeaten; 1 teaspoon vanilla.

Sift flour once, measure into sifter with baking powder, salt, and sugar. Have shortening at room temperature; stir to soften. Sift in dry ingredients; add ½ of milk, eggs, and vanilla. Stir until all flour is dampened; then beat vigorously 1 minute. Add remaining milk, blend, and beat 2 minutes longer. Turn into two deep 8-inch layer pans or 10 x 10 x 2-inch pan. Pans should be greased, lined on bottoms with waxed paper, and greased again. Bake in moderate oven (350° F.) about 30 minutes for layers, about 40 minutes for 10-inch cake.

Note: Count only actual beating time. If electric mixer is used, proceed as directed above, using low speed. Scrape down bowl and beater often during mixing.

CUT-RATE
Health?

● Health is worth more than all our material assets heaped together. Don't take chances with it. And don't expect to get it back at cut-rate prices!

If your health isn't what it should be—if you're a bit under par—go at once to a good Physician—the best you can find. And then carefully follow his considered counsel.

One of his first suggestions may be to bring his prescription here for compounding!

Just as we've stayed on the job to protect Daly City residents through the meat shortages up to the present time, we'll "keep pitching" for them, come what may.

All the benefits of our life-long experience in keeping the consumer supplied with meat, so necessary for healthful living, and in aiding the housewife solve her food problems are placed at your command. May we help you?

During the summer vacation period our market will remain closed Monday each week.
